

Disqualifying Medical Conditions

If you have any of the following medical conditions, it's crucial to understand that office-based surgery may not be suitable for you. While we provide a list of common conditions, it's essential to recognize that there could be additional factors that affect your eligibility for surgery with Mia Aesthetics. To ensure that we provide you with the safest and most appropriate care, it's imperative that you openly disclose your complete medical history and any relevant conditions from the outset. Your well-being is paramount, and by working together transparently, we can ensure the best possible outcome for your health and safety.
